AVG LICENSE INCREASE

License increase represents a growth of the number of specific product's licenses. When increasing the license, user specifies the target number of licenses and is invoiced for the difference between the price of licenses used and the price of requested licenses. During the first half of the license period the difference is paid in full (100 %). During the second half of the license period, only 50 % of the price difference is paid.

The producer reserves the right to change the prices. We recommend visiting the AVG Reseller Center or contacting our Reseller Team at reseller@grisoft.cz to confirm the prices.
